## 2025 Funeral Provider Price Comparison Report – Northern Arizona

This Funeral Consumers Alliance of Arizona 2025 Funeral Provider Price Comparison Report for Northern Arizona was compiled by gathering General Price Lists (GPL) from a list of funeral providers supplied by the Arizona State Board of Funeral Directors and Embalmers. Unless otherwise stated, the establishments listed are not affiliated in any way with the Funeral Consumers Alliance of Arizona, Inc. (FCAAZ).

The project was completed in September 2025. Our goal is to help the consumer make as fair a price comparison as possible when looking at minimum “out the door” GPL costs for Direct Cremation, Direct Burial and an economical Full Funeral **based on each provider’s most recent GPL**. Providers may have “package deals” that are lower so be sure to inquire. When we had questions, we contacted the funeral home for help and clarification, and our final worksheet was sent to each funeral home for verification.

For comparison purposes, here is a chart of what was included in the cost of each final arrangement **based on each provider’s most recent GPL**.

## Important Notes for the Consumer

Direct Cremation and Direct Burial does not include fees for a service or ceremony, cost of flowers, clergy fees, obituary notices, cost of burial plot, niche vault, etc.

Full Funeral does not include extra days of visitation, opening/closing of the grave, grave liner/vault or marker/headstone, burial clothing, clergy fees, viewing, flowers, police escort services.

There are additional county and state fees and taxes.

Like any other business, a funeral establishment may change its prices at any time and so the actual prices you pay for services and merchandise at any of these funeral homes may vary.

According to the FTC Funeral Rule, the prices or price range for all merchandise and services offered are to be listed on the General Price List. Don't assume that anything not on the GPL is included. **You can ask for, and will receive, a GPL from any funeral provider in Arizona.**

This Price Comparison Report is purely based on the funeral provider's GPL. It is a **starting point** to help you make funeral arrangements that are consistent with your values and beliefs and within your budget. We do not guarantee that the actual price you would pay at any funeral provider is *exactly* as what is listed here because conditions and prices can change at any time. Also, remember, **providers frequently have "package deals" that are lower and usually posted on their website**. Ask about those deals, and just be sure everything you want is covered.

We have found the funeral providers, directors and staffs to be knowledgeable, compassionate and respectful. Funeral providers understand that final arrangements are not only expensive but can be very emotionally difficult for the consumer to discuss. They are trained to help you, so do not hesitate to bring them any questions.

We are delighted to have FCAAZ Contracted Providers: these are funeral providers who offer FCAAZ members special considerations and discounted prices on their services. Other funeral homes may match our member prices. You may always ask.

At the time of publication, we do not have contracts with funeral providers in Northern Arizona, but we hope to in the future. Our northernmost contracted providers are outside of Phoenix. Avenidas has earned **FCAAZ Preferred Provider** (★) designation for clearly placing their GPL on their website. Here are their prices for FCAAZ members, as of August 1, 2025.
